

# CORNERSTONE

Together, we are his house, built on the foundation of the apostles . . . and the Cornerstone is Christ Jesus

## BACK TO SCHOOL AND MORE

What an exciting time of year! As winter winds down we have many reasons to “gear up.” Students and teachers leave vacations behind and begin their new school year. Sunday school teachers begin a new set of lessons. Some of us even begin new jobs. We can also expect many of our members to prepare for their annual trek to warmer climates.

Many will be venturing into all new situations. New jobs, though exciting and much needed, create stress and anxiety during the learning time. Kindergartners and preschoolers will become part of a whole new world of learning and challenging social experiences.

College Freshmen will see some really awesome changes in their lives in the next few weeks as well. They will be making all of their own decisions and living with people they don’t know very well yet. They will have more assignments thrown at them than they ever thought possible. Time management will be a major issue.

We also want to remember the teachers and administrators in our schools and Sunday schools. We appreciate their education, their interaction and their dedication to their students.

We can be part of God’s plan if we remember all of these people in prayer and encourage them in their pursuits. Psalm 32:8 – *I will instruct you and teach you in the way you should go; I will counsel you and watch over you.*  
*Psalm 32:8*

The Church would like to have a list of all the college students. This list is not complete and the addresses are not available. Please fill in the blanks for us -- give your family member's name and address to Dana or Chris in the Church Office. Thanks for your help.

# Discerning God's Direction Congregational Giving

The Finance Team has been discussing the church finances, how to discern God's direction, and how to involve the congregation in this process. We met with the Leadership Team, Ministry Facilitators, and Facilities Coordinator on August 25 to enlist their help in the process.

This year we are highlighting the building fund, Ohio Conference, MMN, and MCC. We hope that the information these groups are sharing will be beneficial to each of us in understanding how God's money is being used. We plan to highlight other areas of the budget in the future.

In the past few years several new mission opportunities have started. These include Clarissa's Cupboard, Cookie Walk, Share a Smile, and Share a Mile. As new mission opportunities present themselves we find ourselves trying to discern our mission giving. This is difficult as there are many good ways to share out time and the money God has entrusted to us.

In the future we will be seeking input from the entire congregation to help us select mission projects we support. Please pray for God's guidance in this process.

**Giving is more than passing the offering plate. The entire congregation is blessed by those who share their abundance of garden produce each week.**
